

February 12, 2014

Good Morning,

My name is Karissa Griffin and I writing to talk about the CT Governor Scholarship Program,

I absolutely love the program, the program helped me tremendously with my schooling, I was able to pay for my books and schools supplies as well as not have to worry about how my portion of school was going to be paid for, and I am very grateful and thankful for the opportunity. It's an excellent program.
